British Values Statement

At our school, we are committed to promoting the fundamental British Values of **democracy, the rule of law, individual liberty, mutual respect, and tolerance of those with different faiths and beliefs**. These values are at the heart of our school community and help prepare our pupils for life in modern Britain.

We encourage children to develop confidence, resilience, and a sense of responsibility through meaningful opportunities to contribute to school life. Pupils learn about democracy through pupil voice activities, including school council elections and decision-making processes that ensure every child feels heard and valued.

The importance of the rule of law is reinforced through our school rules, positive behaviour expectations, and an understanding of rights and responsibilities. Children learn that rules and laws help keep us safe and create a fair environment for everyone.

We promote individual liberty by encouraging pupils to make informed choices, express their views respectfully, and develop independence in their learning and personal development. We help children understand their rights while recognising the importance of respecting the rights of others.

Mutual respect is embedded throughout our curriculum and daily interactions. We foster an inclusive environment where every member of the school community is valued, regardless of their background, abilities, or beliefs.

Through our curriculum, assemblies, and wider school experiences, pupils develop an understanding of different cultures, faiths, and lifestyles. We actively promote tolerance and celebrate diversity, helping children appreciate the richness of modern Britain and become respectful, caring citizens.

By embedding British Values throughout school life, we aim to nurture confident, responsible, and compassionate individuals who are well prepared for their future role in society.
