

Jubilee Journal Year 4 - Spring Term 1

Welcome to our Wallsend Jubilee year 4 newsletter.

An opportunity for you to have a glimpse into life, both in school and at home, for your child this half term.

At Wallsend Jubilee we promote 6 R's for learning and aim to ensure that our children can:

'Be the best they can be.'

Due to the National lockdown, the majority of your children have been learning from home. You as our amazing parents and carers have been taking on the role of teacher and supporting your children.

Your children, whilst learning from home or in school, have had to dig deep and take on the **responsibility** for blended learning. But, as you will see still produce quality pieces of work.

Readiness for learning has been demonstrated by over 80% of all children attending google meets or accessing tapestry. Thank you to parents and carers for your support.

Wow, what **resilient** children you have! One minute in school, the next back at home. And yes we know it has been challenging, but with grit and determination they continue to learn, complete tasks set by teachers and make the best of this situation.

We continue to adapt our recorded lessons and google meets to ensure that your children get the greatest opportunity to take a **risk** in a safe environment, contributions to these lessons have been outstanding. Please keep sending in your photos and work.

As we continue through this challenging time we know that both parents and children alike have to think carefully about how to be **resourceful**. Focussing your attention on the things that you can change and not on those that you can't. Choosing the right time to tackle home learning, a calming environment and plenty of snacks along the way! Keep it up, we are nearly there!

As we begin to look hopefully towards a more 'normal' Spring we have **reflected** on the many adjustments we have all made; balancing home education with your own work commitments, learning new computer packages, accessing recorded lessons or google meets, communicating remotely with friends and colleagues, staying home and staying safe.

Please enjoy our journal and we look forward to welcoming all children back into school as soon as we safely can.

12.02.2021

The Reading Nest

We are so pleased to report that we are approaching completion of our school's library project. Here you can see our wonderful 'storytelling chair' which is situated in front of the woodland backdrop, and is the focus of the whole library environment.

Working on a woodland theme, our 2 artists have realised their vision and brought the outdoors, indoors. Every item has been beautifully hand crafted from naturally sourced raw materials and crafted to bring out their natural wonder.

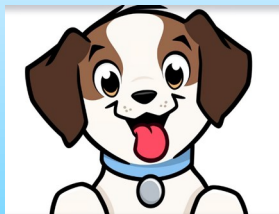

As you can see our children are already enjoying this magical space! When the pandemic is more controlled, we will have an official opening and invite you to step inside our new literary heaven to experience it for yourself.

Responsibility

Kenzy taking responsibility for his home learning. He told us maths is his favourite lesson of the day.

Matthew demonstrating he is a responsible dog owner by taking his dog Daisy for a walk.

Responsibility

Harry took responsibility for completing his maths task before having fun in the snow.

Well done Harry!

Responsibility

Amelia taking responsibility for her physical health by doing some Yoga. Amelia also told us she is wearing a fitbit to keep track of the amount of exercise she is doing.

Well done Amelia!

Resourcefulness

Alex and Cole learning together via a Google meet.

Well done boys!

Here you can see Matthew at home doing his school work. This requires him to be resourceful.

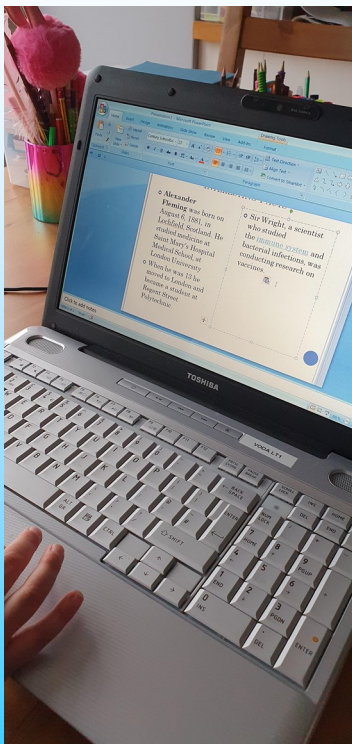

Great effort Matthew!

Resourcefulness

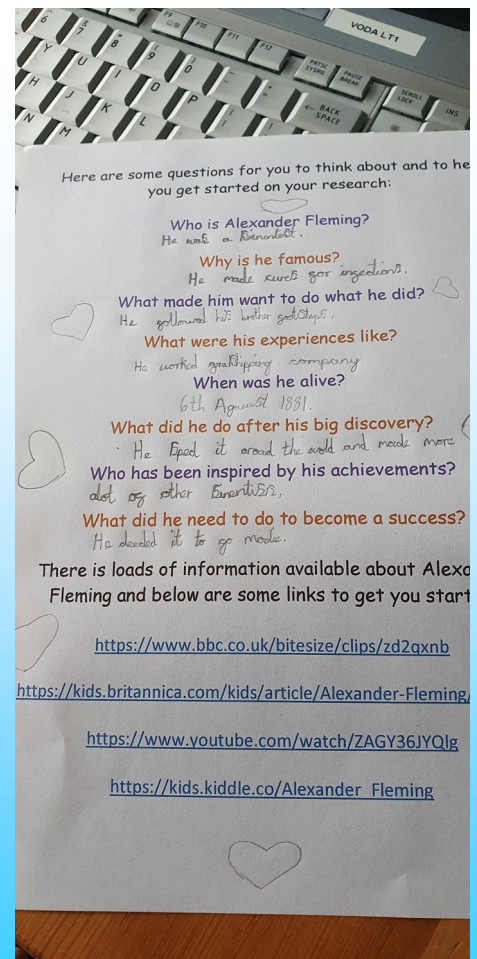

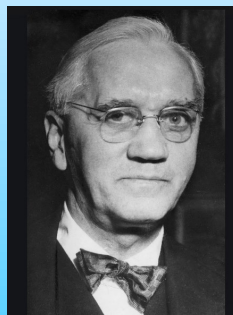

Eva showing super concentration and resourcefulness in gathering all the ingredients and equipment to make and ice a chocolate cake. Looks delicious Eva!!

Iris created a lovely presentation about Alexander Fleming for Science.

Great work Iris!

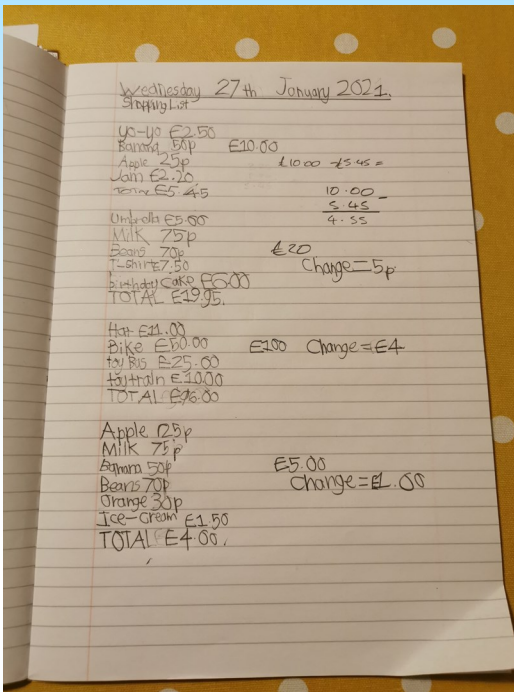

Resourcefulness

Ruben and his sister Lila working together to build a snowman using resources from their home.

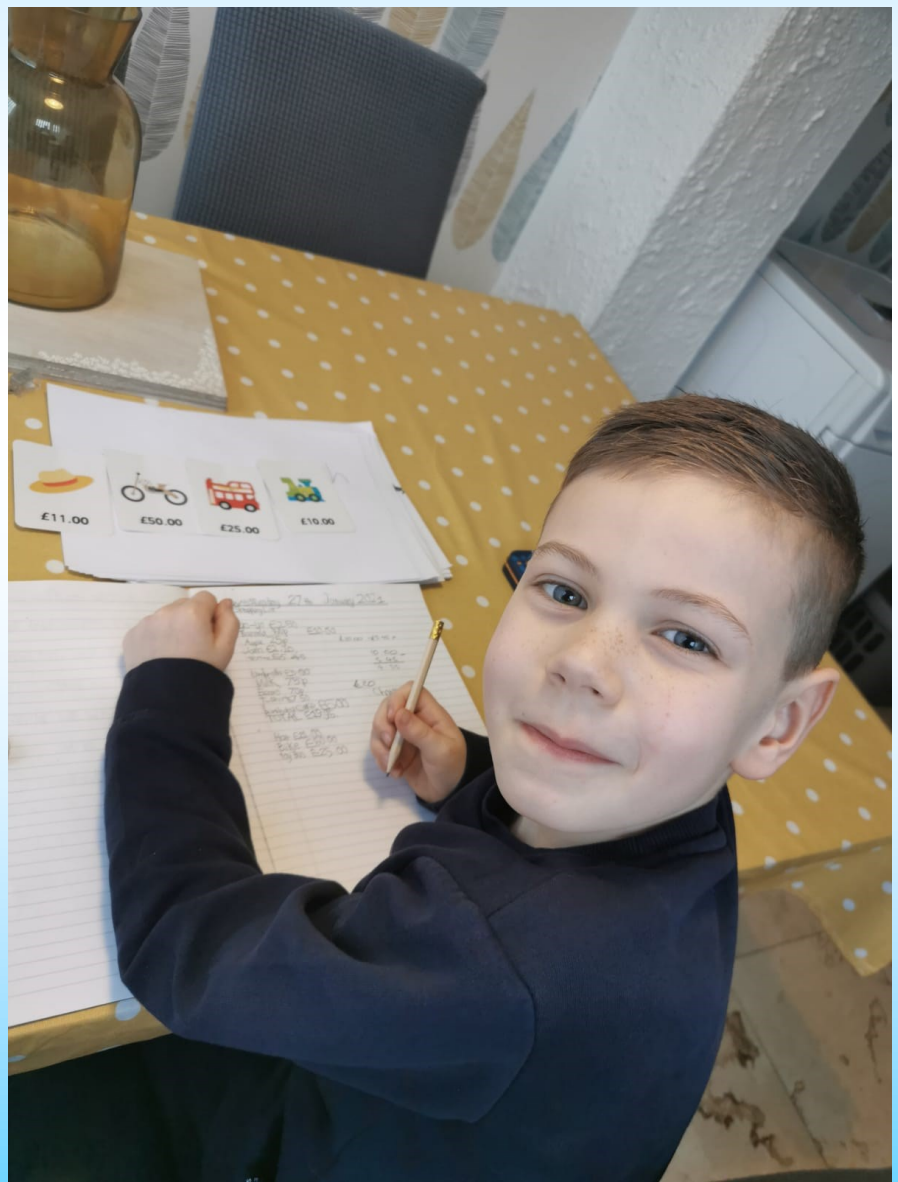

Well done!

Risk Taking

James is never one to shy away from taking a risk when he is learning.

Great work James!

Reflectiveness

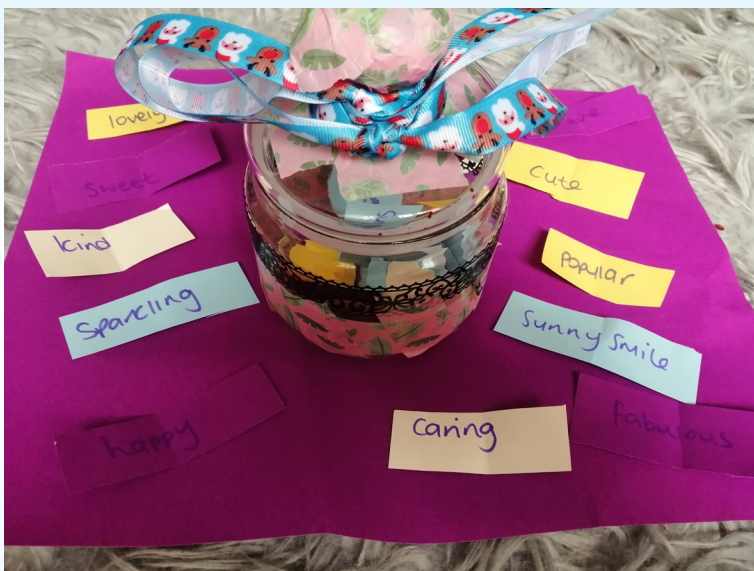

Matthew — "here I am taking food to the Food Bank with my sister, thinking (reflecting) about how others don't always have the same as I have. I feel very lucky to be able to do this and help!

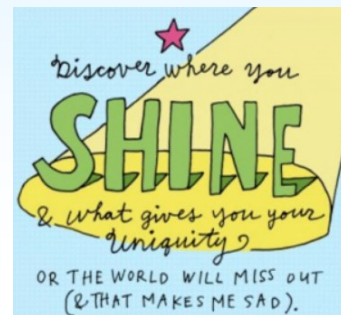

Reflectiveness

Year 4 children PSHE work for Children's Mental Health week

They were asked to think about what makes them unique and special. They made positivity jars and filled them with affirmations about themselves, here is some of their work.

Mollie's positivity jar and worksheet on what makes her unique.

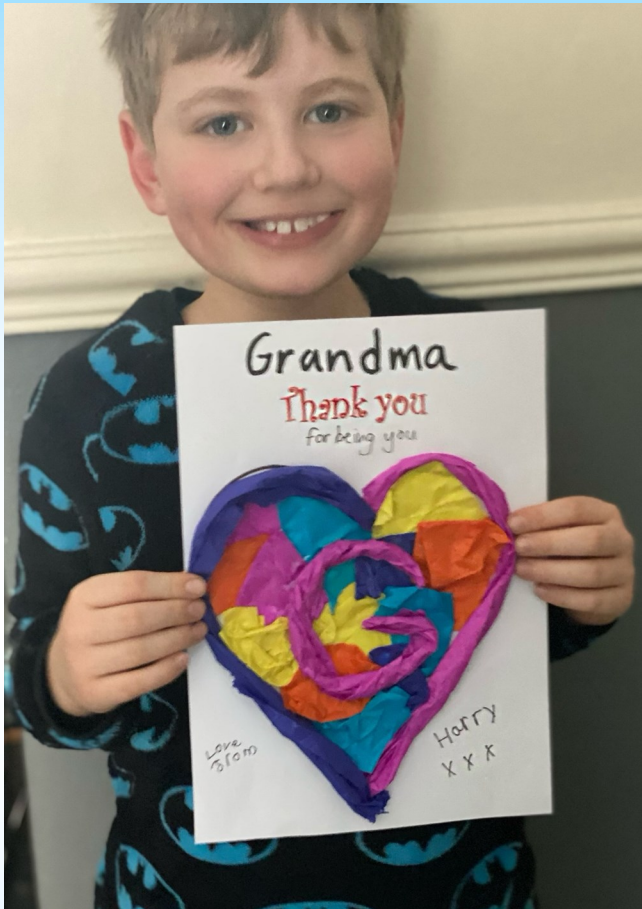

Being Unique - What Makes Me, Me?

Just like Unique the Unicorn, we have all have different interests and hopes and dreams for the future. Think about what makes you, you. What things interest you? What's your ambition for when you are older? Do you have a particular talent or a certain hobby you enjoy? Draw or write about yourself in each of the boxes.

Things I am interested in... Dance, skating, eating, doing cap-torishin, I like the beach I love travelling mostly to Scotland.	Activities I enjoy doing or hobbies I have... Art, roller skating, swimming, going to the cinema, talking to my bestie.
Talents I have... Dance...Dance um and dance! gymnastics scorpion (gymnastic move)	My goals for when I am older... It might seem weird but I want to be a influencer (on social media)

Reflectiveness

Harry reflecting on the people he loves. He made cakes with his Mam and a lovely card for his Grandma who looks after him when his Mam is at work.

How lovely Harry, the cakes look delicious!

Resilience

Mollie having fun in the snow, brrr it's cold and
no gloves Mollie!!

Resilience

Eleanor Cunningham decided to create something different using snow and made this wonderful 'pusheen' cat.

Well done Eleanor!!

Readiness

Matthew showing his readiness to learn at home

Here you can see Iris showing her readiness to learn at home

Readiness

Here you can see Ruben who challenged himself to learn to tell the time during the latest lockdown. His persistence paid off, he can now tell the time using an analogue clock.

Well done Ruben!!

A huge hello from our lunchtime staff who want you to know they are looking forward to seeing you all again in school once it is safe.

xxx

From Heather and Angela

"Hello to all Jubilee children. We are still working hard in the school kitchen making healthy lunches for the children in our school, as well as other schools in North Tyneside. We're looking forward seeing you all in the dining room again when it's safe to return to school. Take care"
