

Can I discuss a piece of music?

In music we have been learning about tempo and dynamics. We have also been learning about timbre- this is the instruments/voices we can hear.

Task 1: Watch these videos to recap the meaning of each term:

Tempo:

Dynamics:

Task 2: Play your favourite song, while it is playing close your eyes and think about-

1. The instruments you can hear
2. How it makes you feel
3. If the volume goes loud or quiet
4. If the beat speeds up or slows down

Now play your song again and draw pictures/write words to show me what you can hear/imagine/feel as you listen to it...

If you can't think of your own song then use this one:
