

# Meet our Wellbeing Champions

At Wallsend Jubilee Primary School we are passionate about the wellbeing of our children. To ensure that everyone works together, we have introduced an exciting new project, recruiting 4 Wellbeing Champions. These pupil representatives have a special responsibility for leading and promoting the wellbeing of the school's population. They were chosen for their ability to listen, to not judge others, to give sound advice, and for their general kindness.

Collectively, these pupils work at lunchtime in years 1, 2, 3, & 4 as peer supporters and wellbeing campaigners; they are at the very heart of our school's wellbeing work. These are not necessarily isolated roles; the Wellbeing Champions work together with a particular focus, on anti-bullying, mental health/wellbeing and helping children socially to form and maintain relationships. Their role links into Jubilee Junction and the Cocoon Room, and is supported by Mrs Bryson. They help to support other pupils who can drop in and talk to them about their worries and they also have regular contact with staff to ensure open communication throughout school.
