

Tuesday 16<sup>th</sup> of June, year 3, Adjectives

**Adjectives** are used to describe **nouns**.

**Task 1: make a list of all the things (nouns) you can see in these pictures of Iceland.**

For example, I can see **rocks** and **clouds** ... what else can you see?

Add your ideas to the table on the next page.

Task 2 : think of some interesting **adjectives** to describe the things in the pictures of Iceland.

Remember you can always magpie some of the words in the story to get started!

**Writing Tip – try and think about:**

- **What is the colour?**
- **What is the size?**
- **What is the mood** (for example, a calm sea or lonely clouds or a terrifying crater)

Use your *senses*:

- What might it feel like? What might it smell like? What might it sound like?

Nouns	Adjectives
1. rocks	grey tall craggy sharp rounded lifeless slimy
2. clouds	white grey wispy thin silver soft
