

29.4.22

Sneaky Peak 'Maths Meetings'

These are the calculations we will be looking at next week. You don't have to calculate them just have a read and think about how you could solve them.

Tuesday	Wednesday	Thursday/Friday
444+177	386+147	111+999
333+277	216+388	222+888
276+258	424+193	333+777
518+265	370+267	444+777

What's the same/different?

What are the answers? How do you know?
