

WB 1.3.21

LO:- To follow directions in French.

To work with a partner and make our own directions.

Task 1

In pairs, taking turns, read out the given directions in French. You already know numbers up to 20, use the help sheet for the larger numbers. For example 10G means take 10 steps left, in French this would be dix gauche. Your partner will try and follow the directions given.

Task 2

Make up your own set of directions in French.

Each partner take turns to read out their directions for other person to follow.
