I can design a magic item

In Perseus's quest he was given winged sandals which gave him the power of flight. He also had a magic cap which made him invisible.

Think of a magic item of clothing and a magic weapon.
What power do the items give you?

Describe, draw and label the items.

Example: Magic shoes

The magic shoes are as red as rubies and can give the wearer super speed. They have tiny jewel flowers on them which sparkle like stars as the wearer runs.
