

English Task: Monday 8th June

1. Reading time

Look at the pictures on [Wombats](#) and carefully read the text about these intriguing Australasian animals.

- What was the most interesting thing you learned about wombats?

Wombats

What is a wombat?

Wombats are short-legged, muscular marsupials. A marsupial is an animal that gives birth to live young, which they then carry and feed in a pouch. Wombats can grow to about 1 metre long and can weigh as much as 30kg (which is the same as 200 bananas!).

Where do wombats live?

Wombats live in Australia and some of the small islands surrounding Australia.

What do wombats eat?

Wombats are mainly nocturnal and emerge at night to feed on grasses, herbs, bark and roots. The incisor teeth of a wombat are continually growing, so to keep them in check wombats gnaw on bark and tough vegetation.

Why do wombats burrow?

Wombats have wide, barrel shaped bodies and strong feet with long claws which mean they are made for digging. Wombats excavate extensive systems of tunnels and chambers. Wombats sleep, rest and raise their family in the burrow.

What's special about a wombat?

- A wombat's pouch is unusual among marsupials because it faces backwards towards the rump (the area around its bottom). This is so the wombat won't spray mud into the pouch when it is digging.
- Wombat poo is shaped like a cube. This is because wombats mark their territory using the scent from their poo and having cube shaped pooh stops it from rolling away.
- Wombats have a tough rump. When they feel threatened, a wombat will dive into a tunnel, blocking the entrance with its rump. The sturdy rump prevents predators from being able to remove and attack the wombat.

2. Different sorts of writing

Look at the list of different types of writing on [Text Types](#).

- Read each heading and its definition.
- Highlight all the headings that describe the kind of text that [Wombats](#) is.

Pssstt! There is more than one. Check with the [Answers](#) page which is at the end of the document.

Text Types

Factual Factual texts give information and details about real people, things and places. A factual text is not a story.	Story A tale about made-up characters and places.	Information A text that gives you facts and details about a particular subject.	Poetry Poems have verses and often have rhymes in them. They sound a bit like songs.	Diary A text written by someone recounting what they did on a particular day.
Fiction Made-up stories. Fiction is the opposite of non-fiction.	Letter Letters and emails are messages written by one person to another. They often start <i>Dear...</i> , and have an address and a date at the top of the page.	Instructions Instructions tell you what to do. They use bossy language and list the things you need to do to achieve something.	Non-fiction Non-fiction texts are the opposite of fiction texts. They give factual information about real things.	Biography A biography is an account of a real person's life.
