

# Your Destination

Your destination is an island. Locations are given by a series of numbers with 2 letters. These are the degrees and minutes latitude and longitude. London is 51° 00' 32' N 00° 05' W.

The clue to your destination is 4 numbers and 2 letters, in the order:  
number, number, letter, number, number, letter.

| Number   | Number  | Letter  | Number   | Number   | Letter  |
|--|---|---|--|--|---|
| A two digit number below 20, whose digits add up to 6. | A multiple of 8, where the second digit is one more than the first digit. | This letter is a consonant in island and mountain but not in beach. | A prime number between 60 and 70, where the first digit is bigger than the second. | A square number with the same digits as the previous clue. | This letter has 4 straight lines, is symmetrical and it's name is twice another letter. |
