Can I read o'clock and half past?

Watch this video first so you can recap what you learnt in year 1...

Need to know

Long hand – This is the minute hand, it can't read any numbers on the clock. When it is at the top it is 'o'clock' and when it is at the bottom it is 'half past'

Short hand – This is the hour hand. It reads the numbers on the clock.

In your books, write down the times shown on each clock. Throughout today I'd like you to tell the time when you see a clock showing an 'o'clock' or 'half past' time.
