Adverbs

Imperitive Verbs (Bossy) New step, new line.

- 225g butter or margarine, at room temperature
- 225g caster sugar
- 4 large eggs
- 225g self-raising flour
- 2 tsp baking powder

Raspberry or strawberry jam

Icing sugar

Equipment

2 x 20cm sandwich tins, greased with a little butter and the bases lined with baking parchment

- Preheat the oven to 180°C/Gas Mark 4.
- Beat the butter and sugar using a handheld electric whisk or freestanding mixer, until the mixture is pale, light and fluffy.
- Beat the eggs together lightly. Then, add gradually to the butter and sugar mix, beating continuously.
- Sieve the flour and baking powder together.
 Fold into the mixture until completely mixed.
- Divide the mixture between the prepared baking tins and level the tops.
- Bake in the centre of the preheated oven for 20-25 minutes. The cakes are done when they are golden brown and coming away from the edges of the tin. You can also test by pressing lightly on the top of the cake – if it springs back, it is cooked.
- Cool in the tins for 5 minutes, then remove and place on a wire rack to cool completely.

Please have a look at my example.
