

Week beginning 18.01.21 French

Learning Objective:

To further practice the months of the year

To know what takes place in these months

To crack the code to reinforce the months of the year

Task 1

Copy both the English and French for the months of the year. Draw a picture to match each of the months. When it is your birthday month add something about your birthday for example a birthday cake or card.

Task 2

To crack the code / Craque le code!

Work out the code by changing letters around, filling missing letters, using your alphabet or changing the number for letters.
