

Can I solve multiplication problems?

There are four baskets.

There are three dolls in each basket.

How many dolls are there altogether?

Draw an image and write a calculation to represent the problem.

$$\begin{array}{l} 2 \times 5 \\ 5 + 5 \\ 5 \times 2 \end{array}$$

Each calculation could explain the image.

Explain why.

Write a story for the calculation 4×10

Draw an image to illustrate your story.

<p>There are four baskets.</p> <p>There are three dolls in each basket.</p> <p>How many dolls are there altogether?</p> <p>Draw an image and write a calculation to represent the problem.</p>	<p>The image could be 4 circles with 3 dots in each.</p> <p>The calculation:</p> $4 \times 3 = 12$	 $\begin{array}{l} 2 \times 5 \\ 5 + 5 \\ 5 \times 2 \end{array}$ <p>Each calculation could explain the image.</p> <p>Explain why.</p>
<p>Write a story for the calculation 4×10</p> <p>Draw an image to illustrate your story.</p>	<p>Stories with 4 groups and 10 in each group, for example:</p> <p>Four tables with ten children on each table.</p> <p>Four purses with 10p in each purse.</p>	

There are 2 groups with 5 people in each group.

There are 5 people in one group and 5 in the other.

There are 5 lots of 2 people.
