

Lesson 2: Collecting Data

Look in your garden or when you're doing your 1 hour of exercise outdoors a day to find the following minibeasts. Look at 2 different habitats- you can look on trees, under rocks, under pots and lots more places! Keep a note of the habitat and the minibeasts found there. Also try to count up how many insects you find there

e.g

On a tree:

Spider 2

Fly 7

Woodlouse 1

Bee 1

Minibeast	
Woodlouse	
Slug	
Snail	
Spider	
Beetle	
Fly	
Bee	
Millipede	
Butterfly	
Caterpillar	
Worm	
Ant	
Ladybird	
Wasp	
Other
